SCIENCE RENDEZVOUS

GET YOUR HANDS ON SCIENCE AT A FREE FAMILY FESTIVAL!

This year, the **University of Victoria** and **Camosun College** partner to bring Science Rendezvous to Victoria for the first time. Science Rendezvous is a national STEM outreach initiative with one of the largest one-day festivals promoting **Science, Technology, Engineering and Math in Canada**.

Head to UVic or Camosun Interurban (or both!) on May 7 from 10 am to 3 pm to learn side-by-side from real, world-renowned scientists, engineers, mathematicians and computer and software experts who live right here in Victoria. This free event is open to all ages.

Activities include:

- Explore why Vancouver Island Rocks! Look at local geology, rocks as part of Earth's rock cycle, and play fossil detective to identify real fossils.
- Vibrabugs: Do a bit of soldering and then race your electronic bug through a maze.
- Discover the science behind medical X-rays
- Look at stars using the largest telescope on any Canadian university campus
