**June 23<sup>rd</sup>:** Fall 2023 registration open for all students, ongoing

### Next Steps: Preparing for College

In the months and weeks leading up to students first day on campus, there are a few things that they may need to sort out. Our Orientation Team has prepared a [Things to do now](#) guide to help prepare students for their Camosun journey.

## Scholarship & Bursary Applications

Most students need help paying for post-secondary education. Our [Financial Aid & Awards](#) webpage has information about funding options including government student loans and Camosun bursaries, awards, and scholarships.

[Entrance Award and Bursary](#) applications are open from **May 1<sup>st</sup> to August 1<sup>st</sup>**. We encourage students to be aware of the award criteria and application process before applying. Students have to apply for each award separately.

[General Camosun Bursary](#) applications for the Fall 2023 term are open from **September 5<sup>th</sup> to October 17<sup>th</sup>**. Students only need to submit one general bursary application per term to be considered for over 300 bursaries.

The Financial Aid & Awards Team can support students with any funding-related questions. Their contact information and front desk hours can be found [here](#).

## Program Highlight: University Transfer

The [University Transfer](#) program is our general studies option. When students apply for University Transfer, they will choose one of four specialties to start: Arts, Business, Education, or Science. Regardless of which specialty a student chooses, they will be welcome to select courses from any of the four categories, as long as they have the appropriate course prerequisites. The University Transfer program lets students mix and match their credit courses to create an educational plan that's right for them.

The University Transfer program can be a starting point for students who would like to take a variety of courses to explore their personal interests, those who need to take courses to satisfy the admission requirements for another program, or those who plan to get their Bachelor's Degree but would like to start their studies at college. It is our most flexible and customizable program with options for full-time or part-time studies.

Current grade 12 students can apply for this program through [EducationPlannerBC](#) until May 15<sup>th</sup> to be considered for [conditional admission](#).

## **E-Newsletter**

Thanks for letting your colleagues know that we are offering monthly newsletters to all high school counsellors and education support staff. Please email us at [recruitment@camosun.ca](mailto:recruitment@camosun.ca) if they would like to be added to our distribution list. We want schools to feel connected and supported.
